### Directions to Wentworth Falls from Sydney

If travelling by car the quickest route to Wentworth Falls is via the M4 motorway. No toll is payable for the M4 section but tolls apply if you're travel through sections of the M2, M5 or M7 (M7 is etag only)

The M4 motorway becomes the Great Western Highway just beyond Penrith. Simply follow the Great Western Highway until you arrive at Wentworth Falls.

If you would like a more scenic trip and have a little more time to spare Bells Line of Road to the north is a lovely entry point to the Blue Mountains. If travelling via this road simply turn off at Bell, this will take you across the Darling Causeway to Mount Victoria. Then you just turn left on the Great Western Highway and follow it down to Wentworth Falls.
